NOTICE OF VIOLATION NO. 2001-182

WDID No. 9 33S314866

YOU ARE HEREBY NOTIFIED THAT:

You are in violation of California Water Code (CWC) sections 13267 and 13383 for failing to submit a technical report and a copy of North Plaza's amended Storm Water Pollution Prevention Plan (SWPPP) by 16 February 2001. This violation subjects you to possible enforcement action by the California Regional Water Quality Control Board, San Diego Region (Regional Board), including administrative or judicial proceedings for the assessment of civil liability in amounts of up to \$25,000 per day; referral to the State Attorney General for injunctive relief; and referral to the District Attorney for criminal prosecution. The Regional Board is a State regulatory agency responsible for protecting the quality of ground waters and surface waters within its jurisdiction. The Regional Board has been given authority to require submission of technical reports, establish regulations, direct action, and levy penalties and/or bring legal action when necessary to protect water quality.

FAILURE TO SUBMIT REQUIRED INFORMATION

On 25 January 2001 in Notice of Violation No. 2001-018, the Regional Board pursuant to CWC sections 13267 & 13383 directed you to submit North Plaza's amended SWPPP along with a detailed report describing what immediate steps were taken to minimize further site violations. These two documents were required to be submitted to this office no later than 16 February 2001. The Regional Board has not received the two required documents. I urge you to submit these documents as soon as possible.
